

# Magic of the Mountain

2017 Photography Workshop  
Mt Gravatt Environment Group  
Sunday 7 May

**See the forest in a new way.  
Discover art in the bush.**

The 2017 Photography Workshop will examine line and form art through photography. Photographer Alan Moore will discuss the artistic concepts of shape, texture and colour and how to capture nature's art as photographic images.

Learn to use pre-visualisation to imagine the outcome and plan your shots when you go bush on assignment. Return from assignment to share, compare and discuss a sample of participants' photos.

An advanced skill workshop. However, the focus is on learning to plan your photos, so camera basics will be covered and even simple point and shoot cameras are welcome.

**Coffee and tea provided - BYO picnic lunch**

## Workshop format:
